

Yes we are!

As a proud Level 4 (100%) BBBEE registered company, Blast Quest is excited to be part of the BBBEE initiative launched by the Department of Trade and Industry (DTI).

Blast Quest acknowledges the fact that BBBEE is a realistic and achievable economic intervention with the potential to redress inequality within previously disadvantaged communities, boost South Africa's economic growth and create a better life for all.

Blast Quest must congratulate the DTI on this initiative and is on a quest to better its score!

Join our quest

As with our Blasting and Drilling qualities, Blast Quest is always seeking to improve their services and expand its market. If you are a preferred supplier or a BBBEE company looking to partner on a project feel free to [contact us!](#)
